

Message from DSA's John O'Brien

Happy New Year!

Hope all feel more confident regarding the ADI Standards Check following the recent meeting. This is a link to the Standard operating procedure for the Standards Check – Chapter 7 explains the marking form in more detail.

www.gov.uk/government/publications/adi-standards-check-guidance-for-driving-examiners/adi-standards-check-standard-operating-procedure

Following the ADI meeting I have emailed and now spoken with Sheila at Portsmouth test centre regarding arrangements for TCM surgeries.

Shelia is unaware of any problems with the current arrangements; i.e. 10 cars at lunch time, potentially forty ADI's plus anyone who wants to make their own arrangements to attend - i.e. park elsewhere or be dropped off.

The list at the test centre is only to accommodate the ten cars for the ten DVSA parking spaces available.

Sheila did consult with ADI's at the test centre when arranging the surgeries initially; lunch time was the preferred option for ADI's and has the advantage of having no impact or potential impact on the driving test routine.

Next surgery is tomorrow **08th January 2014, 12:00 noon**, all welcome, the DTC list is simply regarding car parking availability, anyone else may attend – parking is by prior arrangement - seating is limited – but standing is allowed – no need to stay for the full hour – tea and coffee available.

Please feel free to circulate this email and my contact details to the membership.

Once again a Happy and Prosperous New Year to all.

Regards

John
